PATENT OVERSTRUNG GRANDS
And SQUARE PIANOS
Are now considered the best PIANOS manufactured.
These instruments have taken sixteen first promiums, gold and silver medals, within the last four years, in competiton with pianos of the best makers of New York, Boston, Philadelphia, and Bailimore.

Anong the judges were Gottechnik, Wm. Mason, H. A. Weienhaupt, and other musical colectrities.
ST. & SONS do not refer to artists who were in this sountry many years ago, or to certificates and textimonals gives a long time since, as it is a well-known fact that such important isoprovaments have been made in pianos quite recently, that many makers whose instruments were justly considered to rank assess the best years ago cannot by any means claim the same position at the pre-cent time.

We subjoin the following certificate, given within the last six months, by nearly all the loading and most prominent artists and municians new residing in this country:

The undersigned having personally examined and practically tested the Improvement in Grand Pianos invented by M. STEINWAY in which the covered strings are overstrung above those remaining, do hereby certify:

1. That as a result of the said improvement the volce of the Piano is greatly improved in quality, quantity, and power.

2. The sound by Steinway's improvement in much more even less harsh, strenger, and much better prolonged than that realise in any other Piano with which we are sequainted.

3. The undersigned regard the improvement of Mr. Steinway as most novel, ingenious, and important. No Piano of similar construction has ever been known or used, so far at the andersigned know or believe.
